Re: *Interim Sub-slab Depressurization System – Installation Scope-of-Work*  
Submitted March 8, 2017  
Former Holley Automotive Facility  
Water Valley, Mississippi (Yalobusha County)

Dear Mr. Hutson:

The Mississippi Department of Environmental Quality (MDEQ) has reviewed the above referenced document prepared by First Environment, Inc. on behalf of EnPro Industries, Inc. Based on the March 9, 2017 meeting and discussion along with the MDEQ document review, MDEQ approves the Scope-of-Work. Once the Scope-of-Work has been executed, MDEQ requests and as-built report detailing the specifications of the Sub-slab Depressurization System. Any questions or comments can be directed to me at (601) 961-5166.

Sincerely,

Benjamin B. Lightsey  
Project Manager
